Brand guide

Business, better.

27 October 2026

Business, better.

Hands-on business consulting for Malaysian SMEs.

Business experience and AI support strategy, analysis and implementation.

01 **Strategy**

Understand the business and choose where to focus.

02 **Analytics**

Use evidence to make decisions and measure progress.

03 **Implementation**

Put agreed improvements into everyday use.

One identity. Two marks.

The full name introduces Binasys. The compact mark carries recognition.

Primary wordmark

Covers, proposals, documents and first introductions.

Compact bns

Favicons and small brand placements.

The primary wordmark

Rounded lowercase lettering, with the existing blue a/s connection.

Supplied artwork preserves the letterforms and blue connection.

The compact mark and favicon

Rounded bns Interlock. Blue follows the n arch and right downstroke.

The selected artwork

Keep the black shared stem and white interlock cuts exactly as supplied.

Actual favicon sizes

16px

32px

48px

64px

At 16 px, the mark reads mainly as a silhouette. Use the supplied export and check it in context.

Clear space and working minimums

H is the visible height of the mark. Allow at least 0.25H on every side.

0.25H

Primary wordmark

140 px screen / 35 mm print

Compact mark

48 px for readable letters
16–32 px only as a favicon

Colour, black and white variants

White is the default background. Supplied variants cover simple dark or single-colour use.

The colour palette

White space leads. Near-black carries the message. Blue provides emphasis.

Binasys blue

#0066CC

Logo accents, links
and selected information

Near-black	Headings and body	#1D1D1F
White	Primary canvas	#FFFFFF
Soft surface	Quiet support areas	#F5F5F7
Supporting text	Secondary information	#626268
Rules	Dividers and grids	#E2E2E7

Typography

Helvetica Neue for presentations. Arial is the fallback. Website text stays system sans-serif.

Clear type.
Room to read.

Title / 45 pt

Heading / 30 pt

Body / 18 pt

Caption / 12 pt

Logo lettering is supplied artwork,
not a font to recreate by typing.

A direct, useful voice

Describe the business problem, the work and the next step in plain English.

Start with the business

“We map the order process from quotation to payment.”

Name the actual work

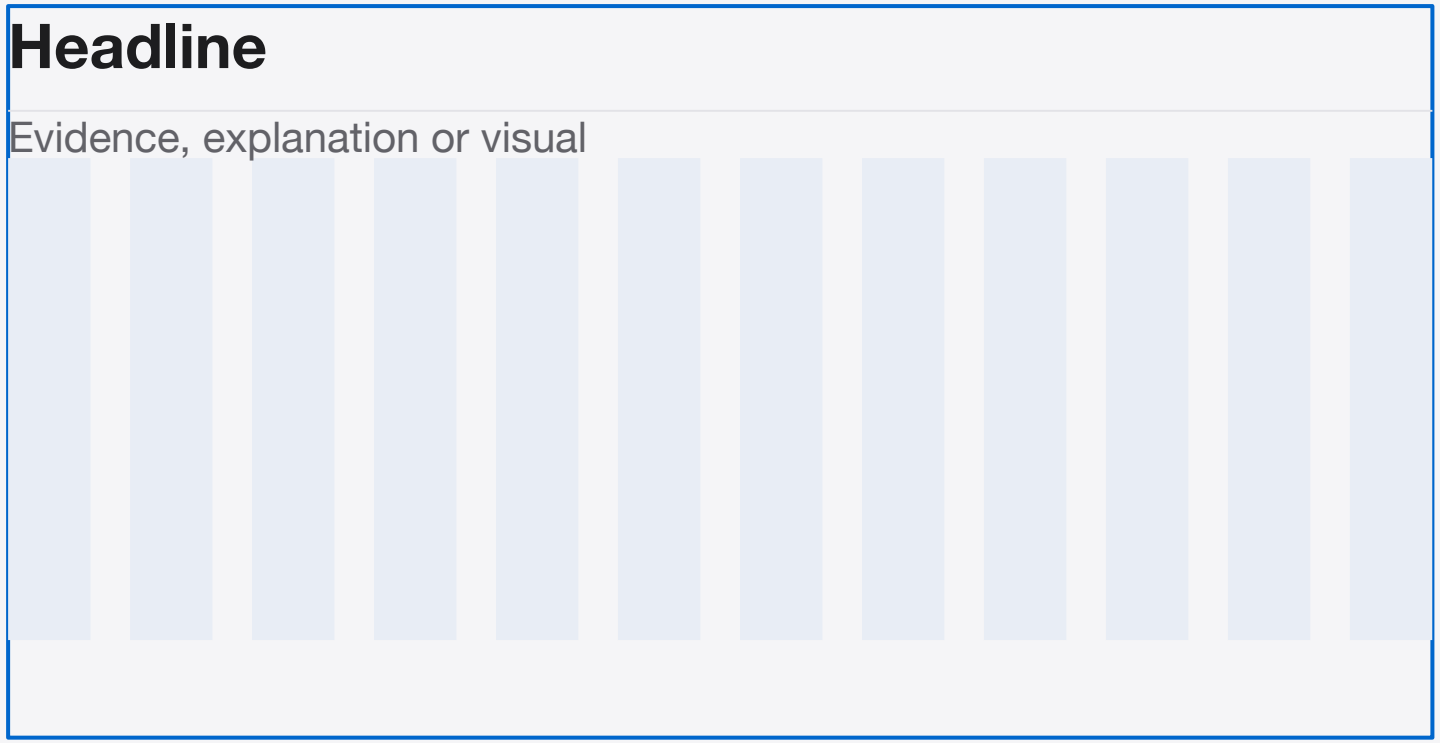

“We review records, find gaps and agree the changes.”

Be precise about progress

“The draft is ready. The owner will confirm the next step.”

A consistent presentation grid

16:9 format. 64 px margins. 32 px gutters. One clear headline per slide.

64 px margins

32 px gutters

Readable source note

One blue emphasis

The presentation layout family

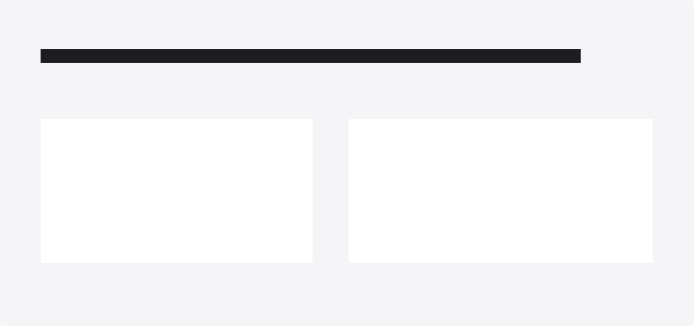

A small set of repeatable structures supports most client conversations.

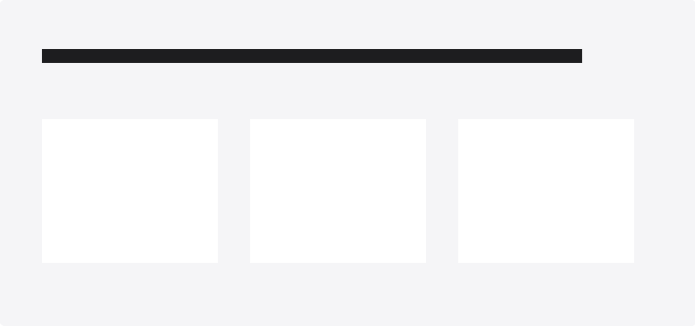

Cover

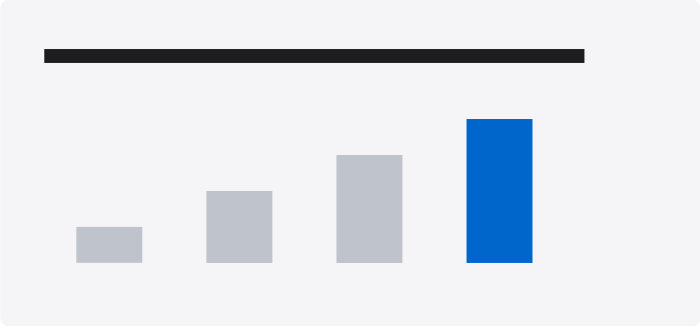

Section

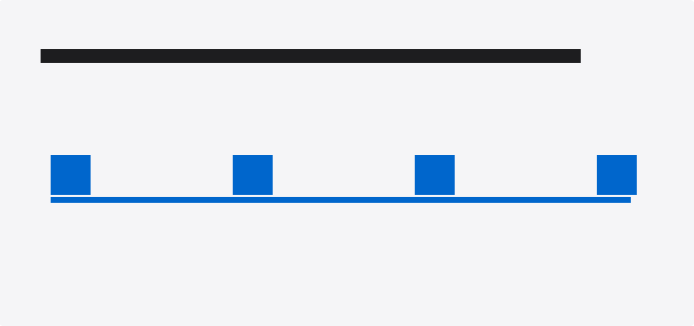

Two columns

Three workstreams

Data / chart

Roadmap

Charts tell one story

A clear title, named units and one accent series keep the evidence easy to read.

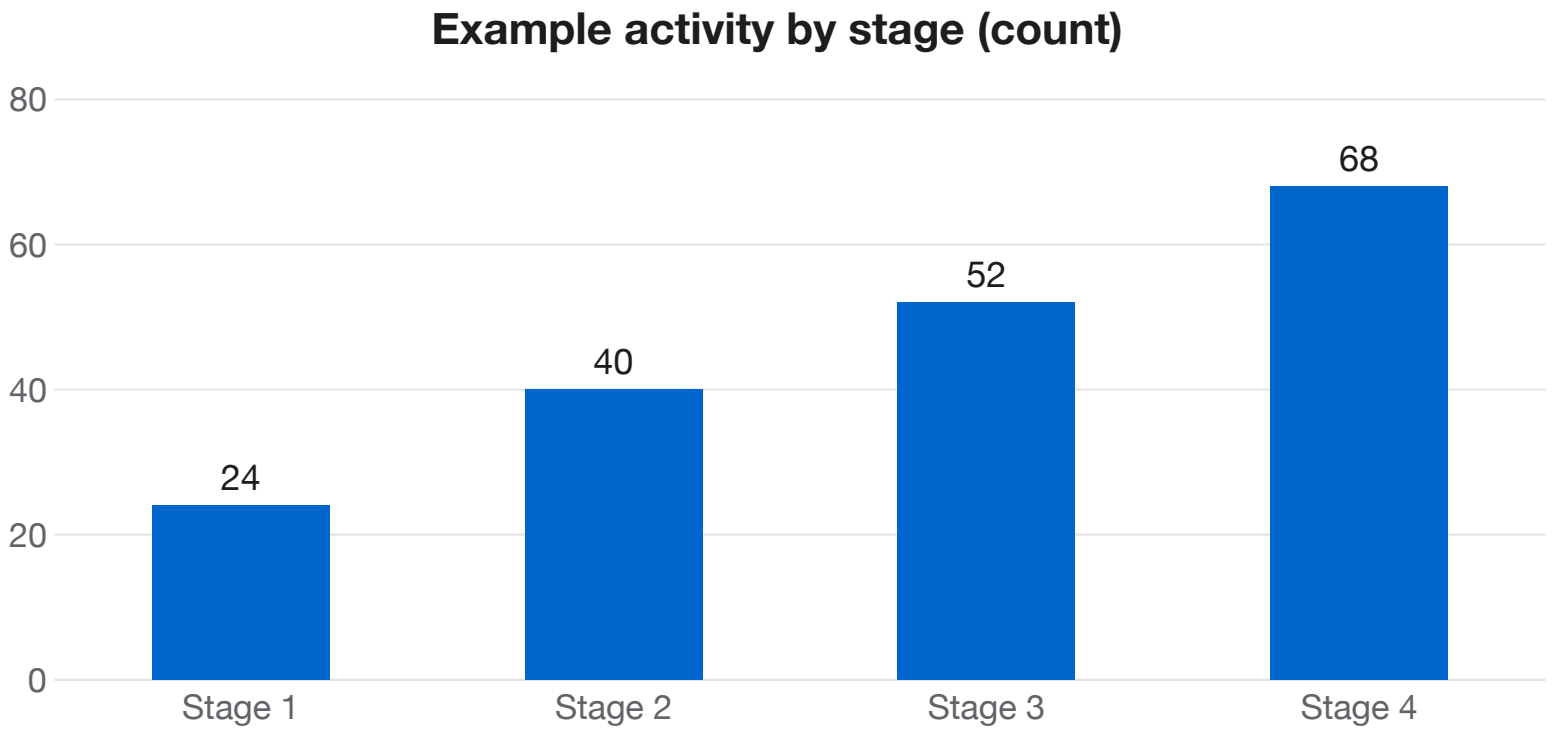

Chart conventions

Blue highlights the point.

Axes state the unit.

Labels stay horizontal.

Sources name the period.

Illustrative data. Replace before presenting.

Tables make ownership visible

Keep wording short, align columns and show the next action clearly.

Workstream	Owner	Next step	Review
Strategy	Role / name	Confirm priorities	Week 1
Analytics	Role / name	Check the source data	Week 2
Implementation	Role / name	Test the agreed change	Week 3

Illustrative layout. Owners and timing are examples, not commitments.

Simple graphics explain the work

Use diagrams for sequence, responsibility or a decision. Keep decorative elements restrained.

01 **Understand**

02 **Design**

03 **Build**

04 **Review**

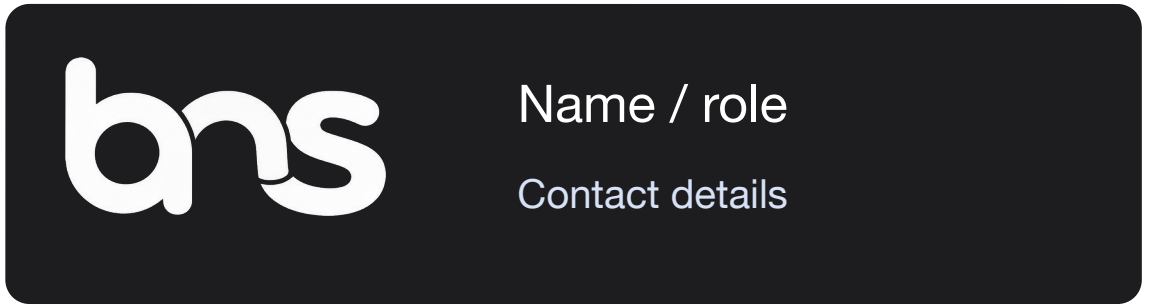

Photography shows real people, real places and useful details.
The logo and blue accent provide the brand character.

The identity across everyday use

Use the full name for introduction and the compact mark where space is limited.

Document cover

Business card layout

Digital header

The supplied files

A single current kit keeps the identity consistent.

01	**Logos**	Primary wordmark and compact bns Colour, black and white PNGs
02	**Favicon**	White-circle and white-square PNGs ICO, touch icon and webmanifest
03	**Presentations**	Editable brand guide Reusable layouts and PowerPoint template

Artwork comes from the approved raster image. Keep its proportions.
Large-format print or a native vector master needs separate preparation.

Business, better.
